PALM BEACH GATOR SNOW SKI CLUB
Iceland – Northern Lights
October 23rd - 30th 2024 $4,199*

LONDON is one of the most popular Cities in the world and we will visit there for the first two days of this amazing trip. It's home to charming pubs, world-class (and often free) museums, tons of history, some of the best theater performances in the world, a diverse population, incredible food, and a wild nightlife. There really is something for everyone, in this sprawling metropolis!

REYKJAVIK, VIK AND THINGVELLIR NATIONAL PARK:

Iceland is a country of extreme contrasts and dramatic landscapes and is the perfect destination for those who are looking for the unexpected. Something out of the ordinary. Widely known as "the land of fire and ice," Iceland is home to some of the largest glaciers in Europe and some of the world's most active volcanoes. Iceland is also the land of light and darkness. Long summer days with near 24-hours of sunshine are offset by short winter days with only a few hours of daylight—the perfect scenario for enjoying the magical Northern lights.
